

Static Terms

a. Disbursement Processing and Fulfillment of Terms:

The credit team will review the documents, and if they meet the required criteria, the disbursement will be approved.

Once the loan is approved, the disbursement will be processed within 1–2 hours from the time of application submission.

Upon successful disbursement, the buyer will receive a notification.

b. Repayment Reconciliation:

We ensure each transaction which reflects success in our system must be successful at the bank end as well by performing system based reconciliation on a daily basis. Daily reconciliation will ensure that there is not any deviation in credit receivable and transaction reported in the system.

c. Loan Cancellation:

No cancellation requests will be accepted from the buyer. A loan will only be canceled if the seller's credit team identifies any discrepancies.
