Version / effective date	1.0.0 / 1 November 2026
Contact for these terms	Neha Kumari, Director, info@lyrakart.com, +91 9310249840

This Business Partnership Agreement is made between **PRS CLOUD TECH PRIVATE LIMITED**, a company incorporated under the Companies Act, 2013, with its registered office at Q-16, Mohan Garden, Uttam Nagar, New Delhi, Delhi 110059 (“Lyrakart” or the “Buyer App”), and the Seller Network Participant on the ONDC Network that accepts these terms in the Confirmation (the “Seller App”). Together, the “Parties”.

Background. (A) Lyrakart is on the ONDC Network as a buyer-side application and lets buyers purchase products through its app. (B) The Seller App is on the ONDC Network as a seller-side application and wants Lyrakart to find buyers using the criteria the Seller App provides, and to help buyers purchase the Seller App’s products. (C) These terms, with the terms exchanged through the ONDC protocol (the Confirmation), govern the relationship.

1. Definitions

Words not defined here have the meaning in the ONDC Network Policy or ONDC Network Participant Agreement. **Business Day**: a day other than Saturday, Sunday or a public holiday. **Confirmation**: the terms exchanged through the ONDC protocol for an order. **Delivery**: collection of the shipment from the agreed location and delivery to the buyer at the buyer’s location. **Order**: a purchase by a buyer through the Buyer App, Seller App, seller, gateway and logistics provider as applicable. **Product**: the goods or services made available by the Seller App. **Settlement Window**: the number of Business Days from collection, shipment, delivery or

end of the return window, as stated in the Confirmation, within which participants settle amounts. **Shipment**: products packed together and handed to the logistics provider. **Collector**: the party collecting payment from the buyer, as agreed in the Confirmation. **ETA**: the estimated time of arrival the Seller App gives. **Hyperlocal**: delivery within a city or town. **Intercity**: delivery beyond city or town limits. **OFD**: order for food delivery, i.e. food and drink prepared on order. **Non-OFD**: an order that is neither OFD nor made to order. **Made to Order**: an order for a product prepared or procured after the buyer orders it. **Quality Issues**: quantity mismatch, expired, damaged, defective or spoiled items, packaging issues, wrong or missing items. **RTO**: return of goods to the original pickup address. **Issue Closure / Issue Resolved**: the issue statuses defined in the ONDC issue and grievance framework. **Buyer Cancellation**: includes the buyer's refusal to accept delivery.

2. Cancellation before shipment

Order type	Case	Description	Delivery type	Resolution
OFD / Made to Order	1. ETA breach	Buyer asks to cancel and the order has not shipped within the ETA.	Hyperlocal or Intercity	Lyrakart will not be liable to pay any amount to the Seller App on cancellation of such orders.
OFD / Made to Order	2. No ETA breach	Buyer asks to cancel and there is no ETA breach.	Hyperlocal or Intercity	Lyrakart will be liable to pay the order value to the Seller App, as per the quote relayed by the Seller App, irrespective of cancellation.
Non-OFD	1. ETA breach	Buyer asks to cancel and the order has not shipped within the ETA (whether or not the item is cancellable).	Hyperlocal or Intercity	Lyrakart will not be liable to pay any amount to the Seller App on cancellation of such orders.
Non-OFD	2. No ETA breach	Buyer asks to cancel and there is no ETA breach (whether or not the item is cancellable).	Hyperlocal or Intercity	Lyrakart will not be liable to pay any amount to the Seller App on cancellation of such orders, because the Seller App is expected to accept the cancellation and not proceed with the order.

3. Cancellation after shipment

Cancellation after shipment may start only (i) when the buyer does not receive or accept the product on an attempted delivery, or (ii) through an issue raised over the ONDC issue and grievance (IGM) process for a refund because of delay or another reason, which the Seller App accepts while delivery is pending. A post-shipment cancellation request through the cancel API (or any API other than IGM) is not valid if the Seller App rejects it.

Order type	Case	Description	Delivery type	Resolution
OFD	1a. ETA breach	Buyer asks to cancel and the order has shipped but is not delivered	Hyperlocal	Lyrakart will not be liable to pay any amount to the Seller

Order type	Case	Description	Delivery type	Resolution
		within ETA + 30 minutes or 150% of ETA, whichever is lesser. These are the ONDC model thresholds.		App on cancellation of such orders.
Made to Order	1b. ETA breach	Not delivered within 150% of the committed ETA or ETA + 2 days, whichever is lesser. These are the ONDC model thresholds.	Hyperlocal or Intercity	Lyrakart will not be liable to pay any amount to the Seller App on cancellation of such orders.
OFD / Made to Order	2. No ETA breach	Order has shipped and is yet to be delivered within ETA.	Hyperlocal or Intercity	Lyrakart will be liable to pay the order value to the Seller App, as per the quote relayed by the Seller App, irrespective of cancellation.
Non-OFD, returnable	1. ETA breach	Shipped but not delivered within 150% of committed ETA or ETA + 2 days, whichever is lesser.	Hyperlocal or Intercity	Lyrakart will not be liable to pay any amount to the Seller App on cancellation of such orders.
Non-OFD, returnable	2. No ETA breach	Shipped and yet to be delivered within ETA.	Hyperlocal or Intercity	Lyrakart will not be liable to pay any amount to the Seller App on cancellation of such orders. The product is returnable.
Non-OFD, non-returnable	1. ETA breach	Shipped but not delivered within 150% of committed ETA or ETA + 2 days, whichever is lesser.	Hyperlocal or Intercity	Lyrakart will not be liable to pay any amount to the Seller App on cancellation of such orders.
Non-OFD, non-returnable	2. No ETA breach	Shipped and yet to be delivered within ETA.	Hyperlocal or Intercity	Lyrakart will be liable to pay only the forward and return-to-origin logistics cost to the Seller App, because the product can be resold.

4. Refund, return and replacement after delivery

Order type	Case	Description	Resolution
All order types	1. Wrong order status	Order was wrongly marked delivered although it was never delivered.	Based on the investigation by Lyrakart and the Seller App. If the source of the issue is Lyrakart, it pays the full order value to the Seller App as per the quote. If the source is the Seller App, Lyrakart pays nothing to the Seller App.
OFD / Made to Order	2. Quality issue	Buyer raises an issue about the quality of the product delivered.	Lyrakart gives the buyer the resolution recommended by the Seller App after the investigation.
Non-OFD (returnable or	2. Quality issue	Buyer raises an issue about the quality of	Lyrakart gives the buyer the resolution recommended by the Seller App after the investigation.

Order type	Case	Description	Resolution
not)		the product delivered.	

Notes. (1) If Lyrakart gives the buyer a resolution that the Seller App did not propose, Lyrakart alone bears the extra cost; the Seller App receives the amount it would have received under its own proposed resolution. (2) Where the Seller App offers a refund, it may refund with or without picking up the product; where pickup is needed, it may confirm the refund after pickup. (3) The table above follows the ONDC model clauses.

5. Issue resolution response times

Lyrakart expects the Seller App to close issues within the times below for each issue sub-category in the IGM framework. If the Seller App needs more information, the time runs from when the Buyer App replies to that request. These are the ONDC model times.

Category	Sub-category	Code	OFD	Hyperlocal	Intercity
ORDER	Order not received	ORD01	30 mins	4 hours	24 hours
ORDER	Quality issue	ORD02	24 hours	24 hours	24 hours
ORDER	Delayed delivery	ORD03	30 mins	4 hours	24 hours
ITEM	Missing items	ITM01	2 hours	24 hours	24 hours
ITEM	Quantity issue	ITM02	30 mins	24 hours	24 hours
ITEM	Item mismatch	ITM03	2 hours	24 hours	24 hours
ITEM	Quality issue	ITM04	2 hours	24 hours	24 hours
ITEM	Expired item	ITM05	30 mins	24 hours	24 hours
FULFILMENT	Wrong delivery address	FLM01	30 mins	4 hours	24 hours
FULFILMENT	Delay in delivery	FLM02	10 mins	4 hours	24 hours
FULFILMENT	Delayed delivery	FLM03	30 mins	4 hours	24 hours
FULFILMENT	Packaging	FLM04	30 mins	4 hours	24 hours
FULFILMENT	Buyer not found	FLM05	15 mins	4 hours	24 hours
FULFILMENT	Seller not found	FLM06	15 mins	4 hours	24 hours
FULFILMENT	Package info mismatch	FLM07	15 mins	4 hours	24 hours
FULFILMENT	Incorrectly marked as delivered	FLM08	15 mins	24 hours	24 hours
AGENT	Agent behavioural issue	AGT01	24 hours	72 hours	72 hours
AGENT	Buyer behavioural issue	AGT02	24 hours	72 hours	72 hours
PAYMENT	Refund not received	PMT01	7 working days	7 working days	7 working days

If the Seller App does not meet these times, Lyrakart may act, including resolving in the buyer's favour, and may deduct the amount from the Seller App's settlement for that order. Lyrakart's criteria for seller visibility related to customer issues are stated on the ONDC Declaration page.

6. Buyer finder fee

6.1 Lyrakart charges the Seller App a buyer finder fee as stated in the Confirmation: percentage of 3% of the item value.

6.2 Lyrakart gives a unique reference (Order ID) for each Order; the Seller App uses it to invoice or reconcile the fee.

6.3 The fee is exclusive of GST. Tax deduction at source on the fee and on the value of products is as the law requires. Tax is deducted at source as the law requires: TCS at 0.5% under section 52 of the CGST Act, 2017 and TDS at 0.1% under section 194-O of the Income-tax Act, 1961, or at 5% if no PAN is given.

6.4 Settlement between the Parties follows the Confirmation: Settlement Window 7 days, settlement basis the end of the return window. Delay interest: 12% per year on the late amount, from the due date until it is paid.

7. General obligations

7.1 Payments are subject to deductions and withholding required by law and permitted by the Confirmation.

7.2 Who collects payment, and the withholding amount, settlement amount, window and type, are as agreed in the Confirmation.

7.3 Each Party uses its own infrastructure and staff and bears its own costs, including its own legal costs.

7.4 Lyrakart gives no warranty about the seller, the Seller App or the products, other than what the seller or Seller App has given in writing.

Further clauses

8. Representations and warranties. Each Party tells the other that: (a) it is validly organised under the laws of India and has the power to enter into and perform this Agreement; (b) it has read and accepts these terms together with the Confirmation exchanged through the ONDC protocol, and they form a binding contract for the transaction; (c) it holds and will keep every licence, approval and registration its business needs; (d) it owns or may lawfully use all intellectual property it uses; (e) the information it gives is true, lawful and accurate; (f) it follows all applicable laws; (g) performing this Agreement does not break any other agreement or law that binds it; (h) it will not defame or disparage the other Party, except where truthful and needed to enforce rights or required by law; and (i) it will follow the ONDC Network Participant Agreement, ONDC Network Policy and other ONDC policies, and will perform its services professionally.

9. Independent parties. The Parties are independent. Neither is the agent, partner, employee or legal representative of the other, and neither can bind the other. Each Party is solely responsible for the acts of its own staff, agents and End Users.

10. Indemnity and liability. Each Party (the Indemnifying Party) will indemnify and hold harmless the other Party and its directors, officers, employees, service providers and agents against losses, costs and expenses (including reasonable legal costs) arising from a third-party claim caused by: (a) the Indemnifying Party's wrongful or negligent act or omission, including sharing wrong or incomplete information; (b) its breach of this Agreement, the ONDC Network Policy or the ONDC Network Participant Agreement; (c) its breach of law; (d) a data breach or data corruption attributable to it; (e) a third-party claim arising from its actions or omissions under this Agreement; or (f) disclosure of Confidential Information against this Agreement. Lyrakart does not control, and is not responsible for, the quality, safety, suitability, lawfulness or availability of the products offered on the network, except as it states in writing. Each Party is liable for loss or damage to shipments caused by it or those it engages, up to the value of the goods involved or the limit stated in the Confirmation (100% of order value, capped at ₹50,000 per order). Each Party is separately liable to End Users and other participants under its own terms.

11. Data protection. The Parties may share personal data of its End Users only to fulfil orders (the Specified Purpose). Each Party will comply with the Information Technology Act, 2000 and rules, the Digital Personal Data Protection Act, 2023 and its rules, and any other law on personal data. Each will process shared data only as the law and this Agreement allow, will not pass it to third parties unless needed to perform this Agreement, and will not use it for any other purpose without the End User's explicit consent. Each will keep technical and organisational safeguards against unauthorised or unlawful processing, loss, destruction or damage, will make sure staff with access are reliable, and will help the other respond to data requests to the extent the law needs.

12. Confidential information. Each Party will keep the other's non-public business, customer and technical information confidential, use it only for this Agreement, limit access to people who need it, and protect it from misuse or loss. This does not apply to information that is public, already lawfully known, independently developed, or required to be disclosed by law or a court or regulator (in which case the Party will give the other prompt written notice where allowed). This clause continues for 3 years after this Agreement ends or any longer period the law requires.

13. Intellectual property. Each Party keeps its own trademarks, names, logos, content and other intellectual property. A Party may use the other's name or logo only for this Agreement and with the other's prior written approval. Nothing here transfers any right in them.

14. Force majeure. A Party is excused from performing for as long as it is prevented by flood, earthquake, storm, fire, accident, strike, lockout, explosion, war, riot, terrorism, epidemic, government action, a disruption of the ONDC Network or another event beyond its reasonable control. It must promptly notify the other Party in writing.

15. Governing law and jurisdiction. Indian law governs this Agreement. The Parties submit to the non-exclusive jurisdiction of the courts at New Delhi, or as stated in the Confirmation.

16. Dispute resolution. The Parties will first try to settle any dispute by good-faith talks. If that does not work within 30 days, the dispute goes to arbitration under the Arbitration and Conciliation Act, 1996, seated at New Delhi before a sole arbitrator.

17. General. This Agreement and the Confirmation are the whole agreement on their subject. Changes bind a Party only if mutually agreed, except that the Parties may agree the values in the Confirmation for each transaction. Notice of a new version of these terms is given through the ONDC terms fields, with its effective date. This Agreement takes effect when the counterparty accepts the terms in the Confirmation.
